

Downtown Development Authority

City of New Baltimore

The New Baltimore DDA is offering you the opportunity to participate in the Downtown Enhancement Project. Have your name or that of a loved one engraved on a brick to be installed in the paving along both sides of Washington Street from Front to Green. Each brick may have three lines of up to 13 characters (periods, commas & spaces count) each. Sample engraved bricks may be seen already placed at the street edge of the sidewalks. Your placement request will be met if possible.

Cast your name in the future of New Baltimore or use your brick to memorialize a loved one by marking an important date; such as a birth or anniversary.

Return this form with check or money order for \$75.00 made out to DDA-Memorial Brick Paver.
