Motion by Duffy, second by Hayman to approve discussion regarding proposed ordinance amendment to Chapter 12, Article IX, Section 12-335(d) to allow of minimum distance of three (300) hundred feet away from residentially zoned property for each Medical Marijuana Facility. Per the City Attorney he advised the Council that the minimum distance of a building and or park structure to actual line or building to building in some certain circumstances, such a middle school, kindergarten, secondary school, park structure, the buffer zone would be 300 feet. The City Attorney advised that It isn't always building to building and/or residential to facility to the zone district line, the second issue is the 300 feet from the residential zone and not the residential use. The City Attorney will be making recommendations for amending Chapter 12, Article IX, Section 12-225 (d) at the work study meeting of July 30, 2019 at 6:00 PM.
