Re: Service for the week of July 5-9, 2021

Dear Mr. Dupray,

Traditionally, the Fourth of July would push your service days behind one day. With the July 4th holiday falling on a Sunday this year, your scheduled service day will not change. You and your residents will receive your residential service on their normal service day, Wednesday July 7.

We at Priority Waste want to thank you for the trust you put in us to serve your residents. We are extremely grateful to be one of your trusted partners and have a positive impact on your community.

Sincerely,

Daniel R Venet
Director of Municipal Relations
Priority Waste, LLC.
